Special Operations is a 501(c)(3) charitable organization that was started in 2017 to keep kids safe from sexual predators in America. Trafficking is a burgeoning and highly profitable criminal industry few fully understand. While our organization was founded in the San Francisco Bay Area, we are now poised to scale operations to other hot spots around the country – the pace of which will be determined by funding, our pipeline of qualified private investigators and the number of Volunteer County Champions we can recruit who are able to be effective in this role.
